

OUR GREAT NEED AN HONEST MIND

Judge Grosscup Talks to Students in Way That Leads to Some Inferences.

ROCK ISLAND, Ill., June 9.—In the course of a commencement address at Augustana college and theological seminary here today Judge Peter S. Grosscup of Chicago said:

"We have not reached, here in America, the supreme test of whether government of the people, by the people, can endure. We have not yet been put to the test of dealing with great economic questions at the cost of distinct disaster in case they are wrongly dealt with. Thus far, the surplus of our soil, sold to the world each year, has made good our economic mistakes—a surplus so great that no matter what, during the year, our mistakes may have been, at the end of the year the bank account has been made again."

"But the day is coming when this insurance against logical consequences will be cut off."

"The one force in this universe, without which the test cannot be successfully met—the one force, more than anything else, that as a nation we must acquire before we are equipped to successfully meet the complex problems before us—is what I may call the spirit of intellectual honesty, the spirit that hears itself to decide, the spirit that yields itself to genuine conference, the spirit that is not played upon by the total self interest that so often makes up the atmosphere through which we look at the interest of others; above all the spirit that will hold our leaders of public opinion accountable, as men who give out the money coin of the country are held accountable, that though given out on public questions contains nothing in it that is not the real thought of the mind behind it; that spirit that will not, in the interest of political or personal expediency, tolerate the passing of counterfeit opinion."

"Nothing, indeed, is so insidious as an intellectual counterfeit; nothing so pervasive; nothing so hard to overtake, or so hard to overpower when overtaken, and nothing so hurtful and dangerous."

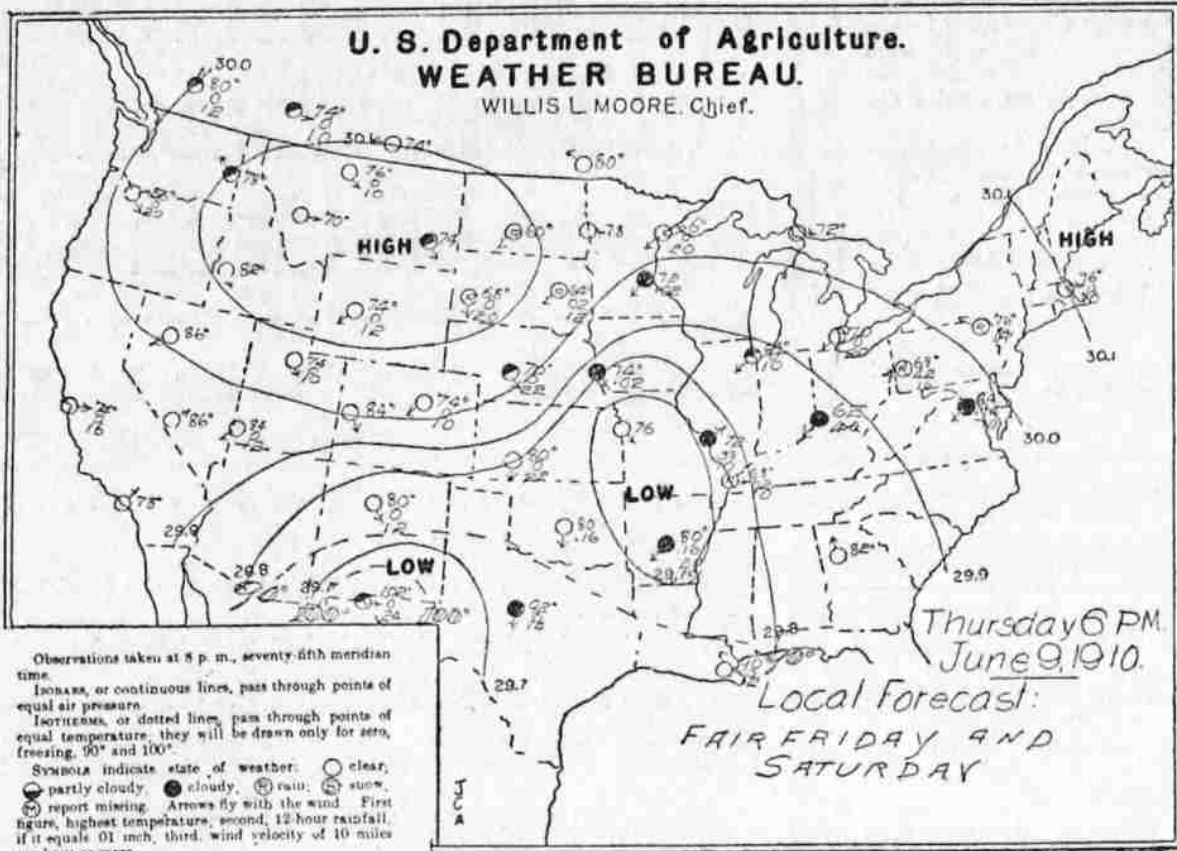

TRUTH CROPS OUT.

Why Pile Sufferers so Often Fail to Get Relief.

Science is getting to the bottom of everything, including the cause and cure of piles. The brightest doctors now admit that piles are caused internally and can be cured only by internal treatment. Dr. J. S. Leonard, some time ago perfected a remedy in tablet form—Hem-Roid, which cures the cause of piles, and therefore cures permanently. It is sold by Schramm-Johnson, Drugs, five stores, under money-back guarantee, \$1 for 24 days' treatment. Dr. Leonard, Co., Station B, Buffalo, N. Y. Write for booklet.

WEATHER FORECAST FOR FRIDAY

Weather Forecast for Salt Lake City and for Utah: Fair Friday and Saturday.

The pressure continues high throughout the northwest, and the weather is fair and moderately cool in the entire Rocky mountains and to the westward. The southern states low shows a double region of low pressure, one near El Paso, where temperatures as high as 102 were observed Thursday afternoon, and the other over Missouri and Arkansas, the latter having produced general rains over the Mississippi valley and scattered rains to the Atlantic coast. Temperatures are high as a rule in the southern part of the United States.

New Scheme of the "Gimlet" to Grab Tribune Subscribers

Have you heard the latest? Well, the latest is that the "Gimlet," sometimes called the Herald-Republican, has bought The Tribune and is going to run it—according to circulation solicitors for the Gimlet.

Charles Dunn works for the Tribune-Reporter and he lives in Murray. Yesterday morning a solicitor for the Gimlet called at the Dunn home.

"Good morning, madam," said he to Mrs. Dunn, "do you take a morning paper?"

"Yes," said Mrs. Dunn, "we've been taking The Tribune for a good many years."

"Oh, is that so?" asked the solicitor. "Well, have you heard that the Herald-Republican has bought The Tribune out and is going to run it pretty soon now?"

"No, I hadn't heard it," said Mrs. Dunn.

"Well, it's a fact, just the same; we're going to take all The Tribune subscribers and put them on our books."

"It was all news to Mrs. Dunn, but Mrs. Dunn hadn't been the wife of a

man in the printing business all this while without learning something. "Let me see," murmured the Gimlet man, "what is the name?"

"Dunn," Charles Dunn, replied Mrs. Dunn. "My husband works for the Tribune, and I haven't heard anything about the change. He would have told me, I think."

"Oh, yes," said the Gimlet canvasser. "Oh, yes; Mr. Dunn, I know him well. I'll call again." And he vanished.

The same misrepresentation doubtless was resorted to at other Murray homes, and it may be that some were misled by the deliberate lie. People are urged to be on the guard against the latest crook, edness conceived in the massive brains of the Gimlet propagandists.

Chamberlain's Cough Remedy is sold on a guarantee that if you are not satisfied after using two-thirds of a bottle according to directions, your money will be refunded. It is up to you to try. Sold by all druggists.
